VERY REVEREND GERALD E. DUPONT, S.S.E.

The summer of 1958 marked the end of the Very Reverend Gerald E. Dupont's position as Dean of Studies, which he had held for a number of years with distinction, as he shouldered the vast responsibilities of President of St. Michael's College. Knowing his zeal and determination for improvement, there can be no doubt that a bright future awaits St. Michael's and its new President.

The ultimate value of Catholic education can be measured only by that degree to which the doctrines of the Church and the lessons of the Sermon on the Mount pervade our whole lives. It is necessary that we learn, above all else, as did Thomas a Kempis: "Vanity of vanities and all is vanity (Eccl. 1,2)' except loving God and serving Him only. This is the highest wisdom: to despise the world and aim at the Kingdom of Heaven." These words we should make a part of our daily lives.

At St. Michael's we have had many examples of this imitation of the life of Christ. However, we have had no finer example than that of Professor William Welde Burke, Lic. Ph., in the imitation, not only of the three years of the public life of Christ, but the thirty years of His life as a *filius fabri*. It is the fulfilling of his vocation as a real lay apostle in that place in the world to which God has assigned him. This is Professor Burke, a dedicated teacher of men and a true Catholic gentleman in the service of God. It is for these reasons that we, The Class of 1959, gratefully dedicate the Shield to Mr. Burke.

DEDICATION

Philosopher.

Dedicated teacher.

**HIS EXCELLENCY ROBERT F. JOYCE,
BISHOP OF BURLINGTON**

In honoring the Most Reverend Robert F. Joyce, Bishop of the Burlington Diocese, we salute one whose wisdom and understanding have earned him the sincere respect of men of all faiths. His reign, which began two years ago with indications of a bright future have not been dimmed.

**VERY REVEREND JEREMIAH T. PURTILL, S.S.E.
SUPERIOR GENERAL,
SOCIETY OF ST. EDMUND**

The Society of St. Edmund has been blessed with the Very Reverend Jeremiah T. Purtill as its Superior General. Directing the Society in all its endeavors, he has gained a laudable reputation by his quiet work in a most difficult role, one which is appreciated by faculty and students alike.

REV. ROBERT J. SHEEHEY, S.S.E.

SECRETARY, SOCIETY OF ST. EDMUND

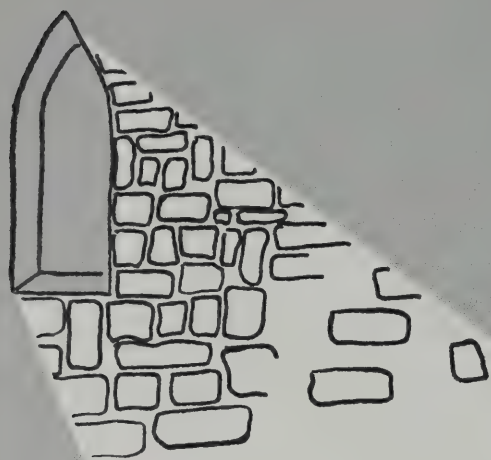

After extended service to the Society, Fr. Sheehey has been called upon to fill the chair of Secretary General. Those of us who have known him, know him to be a man who has directed his limitless faith and zeal toward the betterment of the Society as a whole.

REV. VINCENT B. MALONEY, S.S.E.

RELIGIOUS SUPERIOR

One of the most industrious men in the Society of St. Edmund. The Rev. Vincent Maloney while serving as Religious Superior is the First Councillor to the Superior General and is also the Librarian. His tireless spirit has always been a great asset to St. Michael's College.

CHARLES D. ALLARD

Sociology

A man with determination and a contagious laugh, "Buddy" was one of the school's most successful hitch-hikers. A born philanthropist, he could get along with anyone and anything except mathematics. Before acquiring some "prominence," the Burlington lad could "shake a leg" around the track.

RICHARD H. ALLEN

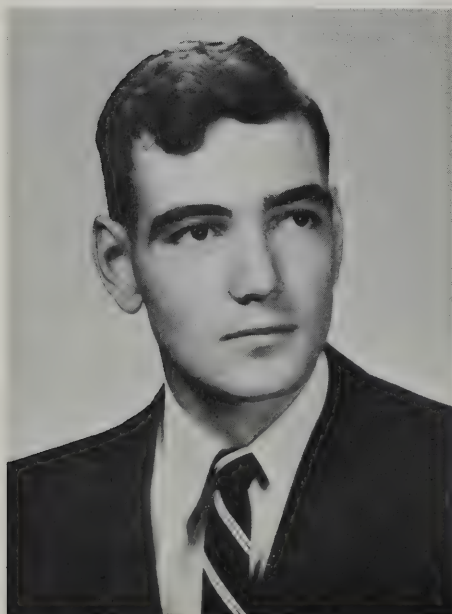

English

You're stuck for art work? See Dick Allen. His keen imagination coupled with artistic talents produced many fine art pieces, as exemplified by his work on our Oklahoma Junior Weekend and on the SHIELD. A staid personality, Dick's spare time was spent making sitz-marks on the slopes of Stowe.

JOHN R. BARNEY

History

A member of the Frisbie Three, "J.B." spent much of his time first introducing frisbie to the campus and then perfecting himself in the game. This desire for perfection was also exemplified in his other spare time activity, cribbage. John's standing challenge was that you name it and he'd read it and if he hadn't he would. A history major, "Barn" often visited the infirmary when JOB's specialties were due.

RICHARD S. BILSKI

Biology

"Sgt. Bilko," although absent from SMC for a year on the "6 month Army plan," was able to get back into the swing of things and caught up with his biology studies. Rooming with "Oink" for two years, the Nutmegger, in whom we find most of the qualities which are collectively called Yankee, served as a reference book on military matters.

**RICHARD J. BISSON**

Biology

Residing on Old Hall 111 in our frosh year, good natured "Biz" outlasted the nocturnal pranks of his neighbors. It was for him that the infamous "eeek scream" was started. A sharp reasoning biology student, "Biz's" biggest asset was that he knew himself which enabled him to treat others with a tolerance rarely found.

**RAYMOND E. BISSONNETTE**

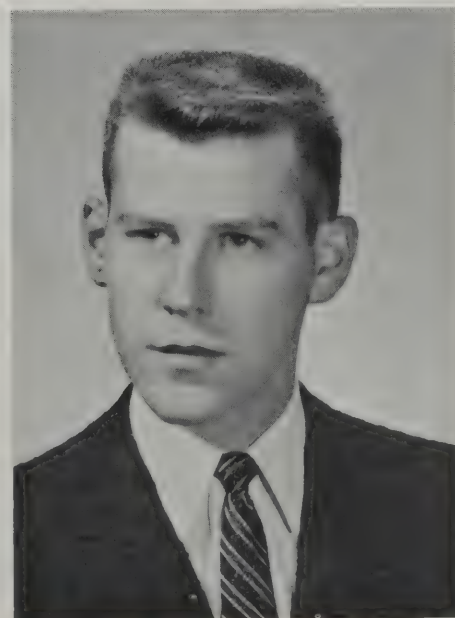

History

"... And beauty draws us with a single hair." Ray was often likened to Tony Curtis because of his charms and his ways with the opposite sex. His battle with the ROTC barber at summer camp resulted in much sorrow for the Burlington lasses in the fall of our senior year. Another of the "Frisbie Three," Ray was a devotee of history with an analytical mind that is a basic quality of an above average student.

BRO. COLIN E. BOURN SSE

Philosophy

Knowledge for the sake of knowledge was the by-word of Bro. Bourn during his four year stay here. The English are reputedly a race void of humor, at least from an American point of view, but the good Brother's humor livened many a class at SMC. Never at a loss for words, Bro. Bourn's knowledge and wit will be welcomed wherever he may go.

RONALD F. BOZELKO

Business Administration

A recipient of the coveted purple heart annually awarded to Moose's roommates, "Simba" successfully survived that dangerous third year and proved himself a Dean's List student in addition. Active on class committees and in interclass sports, Ron's talents were a valuable insurance to the success of our endeavors. His ability to maintain a *B* average while a member of the Bachelor's Club remains one of the wonders of education.

ALBERT T. BRAULT

Chemistry

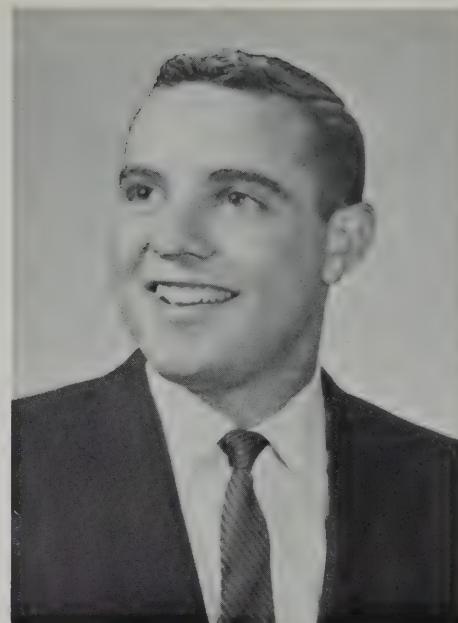

If "Albie" occasionally seemed to expect too much from his classmates, it was only because he himself had much to offer. He believed in principles and abided by the very highest. A gentleman in the Christian sense of the word, "Alb" left that which was petty and common to those who were that way. He was as honest to us as he was to himself.

With one eye on the books and the other on the girls, this genial lad passed in and out of the Hilltop portals. "T.B." was never at a loss for jokes and the way in which he told them was "sui generis." He did get serious enough, however, to gain recognition for his scholastic abilities during the four year sojourn. Tom plans on U.V.M. Medical School, so he won't have to commute too far.

"How're the ads going, Brownie?" As SHIELD Business Manager Tom devoted his efforts to surpassing any prior amount received—and he did it. MICHAEL F. BURKE

English

Properly the name Saratoga connotes the sound, color, and excitement of the turf, but to Michaelmen, "Togatown" means the Inn, D'Andrea's, and welcomed stops on the long trip back. Credit for establishing this lighthearted tradition goes to Saratoga's son, Mike, for which we thank him. Who can forget the many memories? A joke on his lips at all times, Mike is the perfect addition to any party or the best of company.

A hustler from the word go, "J" was the epitome of activity. Affable Jim was the sparkplug of many interclass activities and reached the peak of achievement when he co-chaired our Junior Weekend to its first real big success, setting a precedent for all future weekends. "J" also excelled in social activities and academic abilities which were "basic."

WILLIAM J. CASEY

English

Shades of Shakespeare and Shelley . . . here we have an outstanding student of English literature as evidenced by his academic honors. A cosmopolitan Burlingtonian, "Case" was gifted with an ability to make friends rapidly and a personal talent for using his own attributes most effectively. Reliable and responsible, the Class of '59 depended on Bill "to spread the word to the day-hops" for class activities. He overcame all obstacles common to day students to become accepted immediately, as his election to several offices exemplifies.

Activities

1. The first activity is a game of hide-and-seek. The children are divided into two groups. One group hides and the other group searches for them. The game is played in a large open area. The children are encouraged to be creative and use their imagination to hide in unusual places. The game is played for a period of 15 minutes.

2. The second activity is a drawing exercise. The children are given a sheet of paper and a pencil. They are asked to draw a picture of a person who is happy. The children are encouraged to use their imagination and draw a person who is doing something they enjoy. The drawing is then shown to the class and the children are asked to describe the person and what they are doing.

3. The third activity is a story time. The children are gathered around a table and a book is read to them. The book is a story about a person who is happy. The children are encouraged to listen carefully and to think about the person in the story. After the story is read, the children are asked to describe the person and what they are doing.

4. The fourth activity is a game of tag. The children are divided into two groups. One group is the "it" and the other group is the "tagged". The game is played in a large open area. The children are encouraged to be creative and use their imagination to tag each other. The game is played for a period of 15 minutes.

5. The fifth activity is a drawing exercise. The children are given a sheet of paper and a pencil. They are asked to draw a picture of a person who is sad. The children are encouraged to use their imagination and draw a person who is doing something they do not enjoy. The drawing is then shown to the class and the children are asked to describe the person and what they are doing.

6. The sixth activity is a story time. The children are gathered around a table and a book is read to them. The book is a story about a person who is sad. The children are encouraged to listen carefully and to think about the person in the story. After the story is read, the children are asked to describe the person and what they are doing.

Delta Epsilon Sigma

Fourteen more Michaelman joined the growing ranks of Delta Epsilon Sigma in November when Weston M. Jenks of Boston College addressed the annual meeting of St. Michael's Alpha Nu chapter on the subject of "Scholarship and Sanity."

The purpose of Delta Epsilon Sigma, the National Catholic Honor Society, is to encourage and promote high scholarship among students in Catholic liberal arts colleges.

Drawn from almost every field of concentration at St. Michael's, the seniors are selected each year by the faculty on the basis of scholastic achievement, and generally are of the highest ten per cent in the graduating class.

STUDENT COUNCIL

The Student Council is an organization composed of elected representatives from each class and club on campus. Its major purposes, realized by placing all co-curricular activities more directly in the hands of the student body, are to foster initiative among undergraduates and to contribute to the development of Catholic lay leadership.

In September, the 1958-59 Student Council, in conjunction with the Crown and Sword Society, successfully undertook its first official duty, that of organizing and supervising the schedule of events during Freshman Week.

With its record of achievements, the Student Council of St. Michael's College is truly a credit to the college administration as well as to the student body.

CROWN AND SWORD SOCIETY

It is the purpose of the Crown and Sword Society to render service to the administration, students, alumni, and friends of St. Michael's College. This is accomplished by attempting to infuse the spirit of brotherhood in all with whom the Society comes in contact. In keeping with this concept, the Society has adopted the motto: "Stat Pro Fillis Vestris"—Stand For Your Sons.

Under the competent direction of President James J. Shanley, the Crown and Sword sponsored a successful Freshman Orientation Program, improving on the system set up by the Society's charter members. Throughout the year the Society worked with the Alumni Office and Athletic Department. With regard to the latter, the Crown and Sword assumed the responsibility of ushering at all the home basketball games.

Since the Society's initial appearance in the fall of 1956, it has grown in stature and there is every indication that it will continue to grow in respect and usefulness.

The 1959 Shield is the embodiment of the Michaelman tradition of dedication to purpose and resolution. Senior staff members, through long hours of hard work, have produced an annual of which they and the student body may be justly proud.

The Shield is especially indebted to its moderator, Fr. Paulin, not only for his guidance but for his contribution of the Old English script and many of the pictures printed herein. He gave his time, energy, and talent in the interest of all.

Another long night for Editor Makula.

Shield

The tremendous task of organizing a staff and creating a yearbook, a book that can boast original layouts, theme, and other special effects, fell to Editor Fran Makula. By diligence and vivid imagination he produced one of the finest Shields in the school's history.

Tom Brown provided the Shield with a most opulent budget; Paul Lombardi headed the photography staff; Flo Menninger edited the intricate senior section; Jim DesRoches provided an outstanding sports section; and Dick Allen supplied the artistic relief to the book.

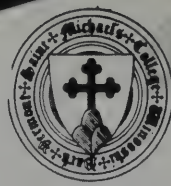

Many thanks go to freshman Jim Nolan for his photography. Jim was the only non-senior staff member.

The paper goes to bed.

The 1958-59 edition of the Michaelman celebrates the twelfth anniversary of News Reporting on the campus. Indicative of its efficiency in bringing the news to the student body, The Michaelman had special news bulletins available despite the publisher's deadline of Friday morning.

Through the efforts of Editor Gene Violette and his well co-ordinated staff, The Michaelman was able to maintain the prestige of being one of the top New England college newspapers. This was due in great measure to Mr. John Donoghue, Michaelman Moderator. Special recognition must be given to sophomores Dick Hickey, News Editor, and Don

Dakin, Sports Editor, who did an exceptional job in bringing not only sports news, but special sports features to the Michaelman.

The inception of such features as "The House of Supposition" a column by Joe Gallagher designed to foster a broader literary interest in the undergraduates, and "Strictly Speaking", a column dealing with contemporary problems by Terry O'Grady, raised the standards of the Michaelman and Michaelmen.

The day to day affair of publishing a campus newspaper is arduous but the results certainly reflect the image of one of the best activities on the Hilltop.

"The promotion and deepening of interest of science students in Biology and related fields" is the main objective of the Biology Club of St. Michael's College. Its further purpose is to develop the qualities of leadership and cooperation which are so vital to their future professions.

Specifically, the Club has fulfilled its goal by organizing and running the bi-annual campus blood drive, presenting lectures by local doctors and dentists, securing medical films for presentation, panel discussions, and individual laboratory studies. In addition, field trips to local industrial facilities have stimulated interest in applied science.

This year, under the guidance of its president Paul Lombardi, the club has grown so that it now has the largest active membership in its history.

The Education Club has done much to give concentrators in various fields an insight into the problems of education. Its main object is to show the opportunities in a teaching career.

In 1958-59 the Club presented movies of educational interest and brought men prominent in the teaching field to St. Michael's to discuss current problems in education.

This year the Politics Club inaugurated a new program which alternated between topics of national and international importance. The purpose was to extend to a greater number of students a knowledge of the public affairs affecting their lives and futures.

In April club members visited the Canadian Parliament in Ottawa. At its final meeting the club was host to all freshmen interested in the study of political science.

GLEE CLUB

Under the capable direction of Mr. John D. Donoghue, the "Musical Knights" again pleased audiences throughout New England and New York, via concerts and television appearances. Through the efforts of Jack Bucalo, Pres., Dick Fanelli, V-Pres., Jerry Curran, Sec., and Tom Purcell, Librarian, this year's club proved to be the finest in the school's history.

Opening its concert schedule by appearing on WCAX-TV to help celebrate the 350th anniversary of the discovery of Lake Champlain, the club, consisting mainly of veterans, then traveled to Good Counsel College in White Plains, New York, for a joint concert and to Yorktown Heights for a special appearance. The highpoint of the year came in April when the Club had a re-

turn engagement with St. Joseph's College of Hartford, Conn. The club was not only acclaimed for its fine quality by the audience and the critics, but also by the host director, Dr. Moshe Paranov, a music critic in himself.

Taking advantage of the fine performance rendered by the club at their joint concert with St. Rose College of Albany, New York, in the spring of '58, the "Singing Knights" had the concert numbers recorded in a long playing album. The discs were a great success and were the means of quite favorable publicity for St. Michael's and the Glee Club.

The year was completed by the Club's appearance in its traditional concert during Parent's Weekend here on campus.

To promote a wider interest in the field of chemistry is the aim of the Chemistry Club. It enables the members to become familiar with modern theories and advances that are taking place every day.

This furthering of education outside of the classroom is done through lectures by professional men in different fields of chemistry and by several field trips. In 1958-59 the Club journeyed to the Texaco Company in Montreal, Canada and to the National Carbon Company of St. Albans.

The Annual Science Night, sponsored for high school students within a 100 mile radius, was again held in conjunction with the Biology Club and was an outstanding success.

WSSE

WSSE, the campus radio station, under President Ed Fisher and Station Manager Vic Grenon, underwent a complete revamping in 1958-59. After weeks of hard work, the club could rightfully take pride in having built some of the most modern high fidelity equipment available to commercial radio. Another phase of the reorganization was the creation of 10 new departments, providing the club's 55 members with a greater opportunity to gain invaluable experience.

Among the innovations affected were live coverages of Student Council meetings and numerous other campus events, and "Outlook", a program in which different members of the faculty gave their views on controversial issues. Besides informative programs, WSSE broadcast morning and afternoon shows of the popular D.J. type.

WSSE is a member and co-origiator of the College Radio Network, along with WRUV of U.V.M. and WRMC of Middlebury College. As a public service organization WSSE has played a vital role to the students of St. Michael's College.

The Business Forum gives its members a broader understanding of current business problems. By means of field trips, panel discussions, and movies, the Forum delves into the complexities of management, production, and finance. The knowledge obtained through the Forum is of incalculable importance to its members, who will soon become part of our vast business world.

The Knights and Knaves, the College dramatic society, was initiated to stimulate an appreciation of dramatic art, classical and modern, in accord with the plan of integration. Its secondary motive is to develop dramatic ability in the students.

Talent is recruited for the society through the sponsoring of the annual Interclass Plays with the intention of staging at least one major production yearly.

NEWMAN DEBATING SOCIETY

The Newman Debating Society of St. Michael's College undertook its most ambitious debating schedule in the history of the club this year, and by the end of April had participated in 20 tournaments including, its own Second Annual Invitational Novice Tourney.

The nucleus of the club being sophomores, the club undertook a building year, yet gained a first semester 39-20 won-and-lost record.

Among the tournaments the Michaelmen participated in during the first semester were Middlebury, Norwich, University of Vermont, St. Lawrence, Dartmouth, St. Anselm's and its own Round Robin Tourney.

Second semester tournaments participated in were at Johns Hopkins University, Harvard, McGill, Norwich University, Lemoyne University, and the Regionals.

Novice tournaments in April included Dartmouth College, American International College, and Amherst College.

Varsity debaters for the club were Fred Englert, Henry Fortier, David LaMarche, Charles McManus, and Paul LaRusso.

Novice debaters include Frank Amodemo, Mike Dolan, Joseph Fusco, Philip Lagoy, and Paul Upham, who was awarded a trophy for being the best speaker at the St. Lawrence Tourney in early November.

Debate Coach is Mr. F. John Stewart, Instructor of English.

PRESENTS "WINTER KNIGHTS"

This year as in the past the Outing Club provided the student body with the best in outdoor activities.

The year began with a trip to Mt. Mansfield, giving the newcomers to St. Michael's a splendid scenic view of the Green Mt. State. Then, in early October the Club presented "Harvest Hop", a dance held in Austin Hall.

Highlight of the year's activities came in February with the production of "WINTER KNIGHTS '59." The weekend, under the direction of co-chairmen Flo Menninger and Dick Henneberry, proved to be a tremendous social success.

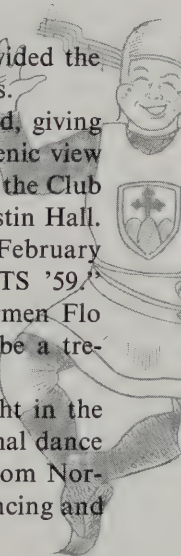

The festivities commenced on a Friday night in the ski lodge setting of Austin Hall with an informal dance and jazz concert. "Joel Carroll's Corps IV" from Norwich U. provided the music for listening or dancing and

Middlebury's "Dissipated Eight" were on hand with the vocal refrains.

Ski jumping, cross country racing, and the SMC-Colby basketball game made Saturday a busy day for everyone. After dark the Weekenders returned to Austin Hall which was transformed into a "Snow Ballroom." In this nite club atmosphere, Eddie Madden played music for dancing until midnight.

Sunday found the Michaelman and their dates on the slopes of Jeffersonville. Here the SMC ski team played host to the EISA Class B Championships.

The activities for the year came to an end with the canoe and fishing expeditions in the spring. Also added was the club picnic which will become an annual affair.

ST. MICHAEL'S AFROTC

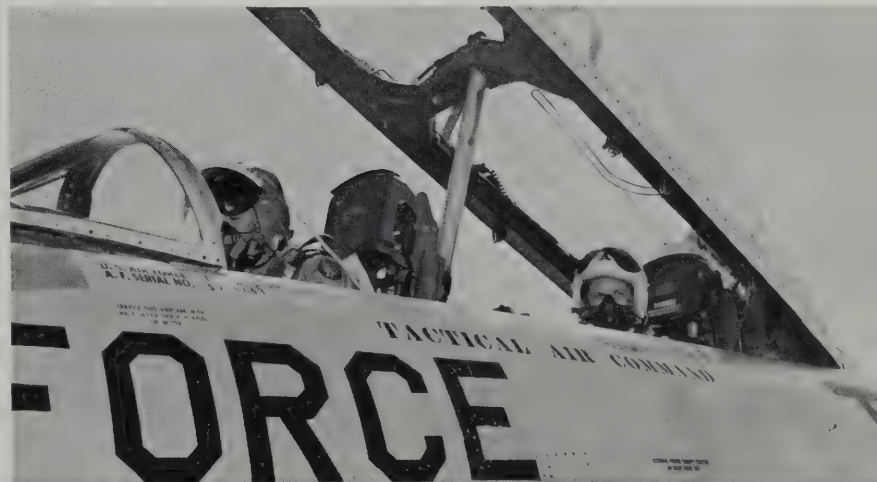

Detachment 865, St. Michael's College, under the leadership of Lt. Col. Wiley Bondurant, USAF, and Cadet Col. Richard Manning, has again proven itself one of the highest rated detachments in the country. Since its inception in 1951, the AFROTC Program at St. Michael's College has continuously provided the highly qualified type of young man that is needed in today's world of turmoil.

If one sought a criterion for superiority of Detachment 865, one need look no further than St. Michael's AFROTC Drill Team. Participating in the unarmed drill competitions held annually in Hartford, Connecticut, the team became the first to ever retire the coveted plaque. This feat was accomplished by winning

the meets for three consecutive years. Under the guidance of Cadet Maj. Lawrence Clifford, the Drill Team received a standing ovation in Hartford, and such comments as '... walking poetry' and '... fantastic'.

1959 marks the end of ROTC training for many of the students here at St. Michael's College. But it also marks the beginning. It is the beginning of professional training in the science of aeronautics and aeronautical warfare for the graduating seniors. It is the beginning of a stimulating four years, for those freshmen who will continue on in the ROTC Program, in the study of Leadership Training, and Air Force structure, policies, and traditions.

MILITARY

Their majesties, King Lamoureux and Queen Waldron.

St. Michael's College Annual Military Ball was presented by the Arnold Air Society in November.

Friday the 7th saw the inauguration of a "Skit Nite" under the direction of Jim Canavan and Jim Carroll. Cadets and dates were treated to slapstick comedy as only military aspirants can present it.

After comedy came music of course. The St. James Society, a Dixie-Jazz band, of Holy Cross, was a surprise treat for the Weekenders. For those "cool cats" on campus Tempy Connors' modern jazz group performed until the wee hours of Saturday morn.

Much later Saturday A.M., Ethan Allen A.F.B. was the destination of the Weekenders as they witnessed an exclusive air show and were conducted through the Base.

Pat Dorn, the Armory, and a military ball.

WEEKEND

The Winooski Armory was the scene of that night's festivities as the cadets and their guests arrived for "Operation Intercept", the theme of the weekend. The Armory had an entirely different look as future pilots and navigators used their talents in decorating to present various phases of the Air Defense Command.

Highlight of the evening came with the King and Queen coronation of Don Lamoureaux and Nancy Waldron by bandleader Pat Dorn.

Chairman John Dillon and his committee are to be congratulated for their fine work in presenting the best Military Weekend ever held at St. Michael's College.

Gee, Dick!

OKLAHOMA

In September, 1957, the class of '59 Americanized their imaginations in an enthusiastic search for a Junior Weekend theme. In June it was an election issue and a party name. In eleven months it was a reality. Surries and coaches headed north and on May 2, 1958 "Oklahoma" was born.

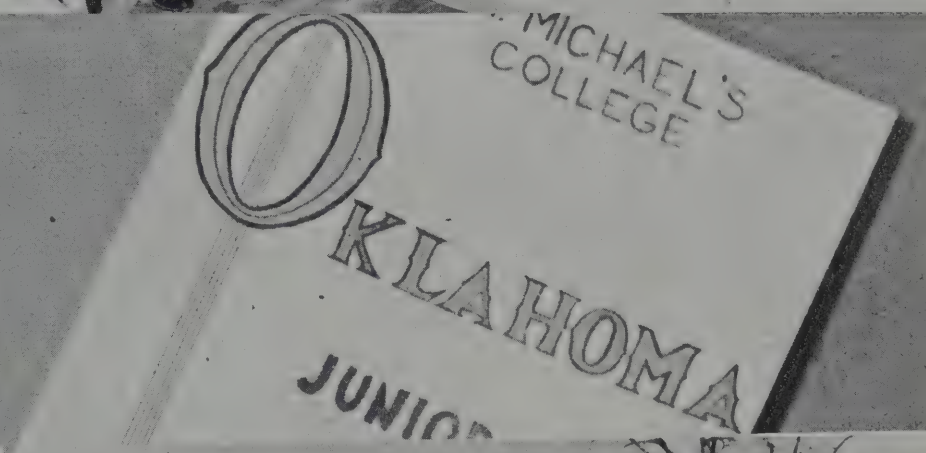

The twang of a guitar and the cry "Dosey doe" opened the gala weekend—a real old western hoe-down, in costume, of course. After that you couldn't keep the wildest yearling down.

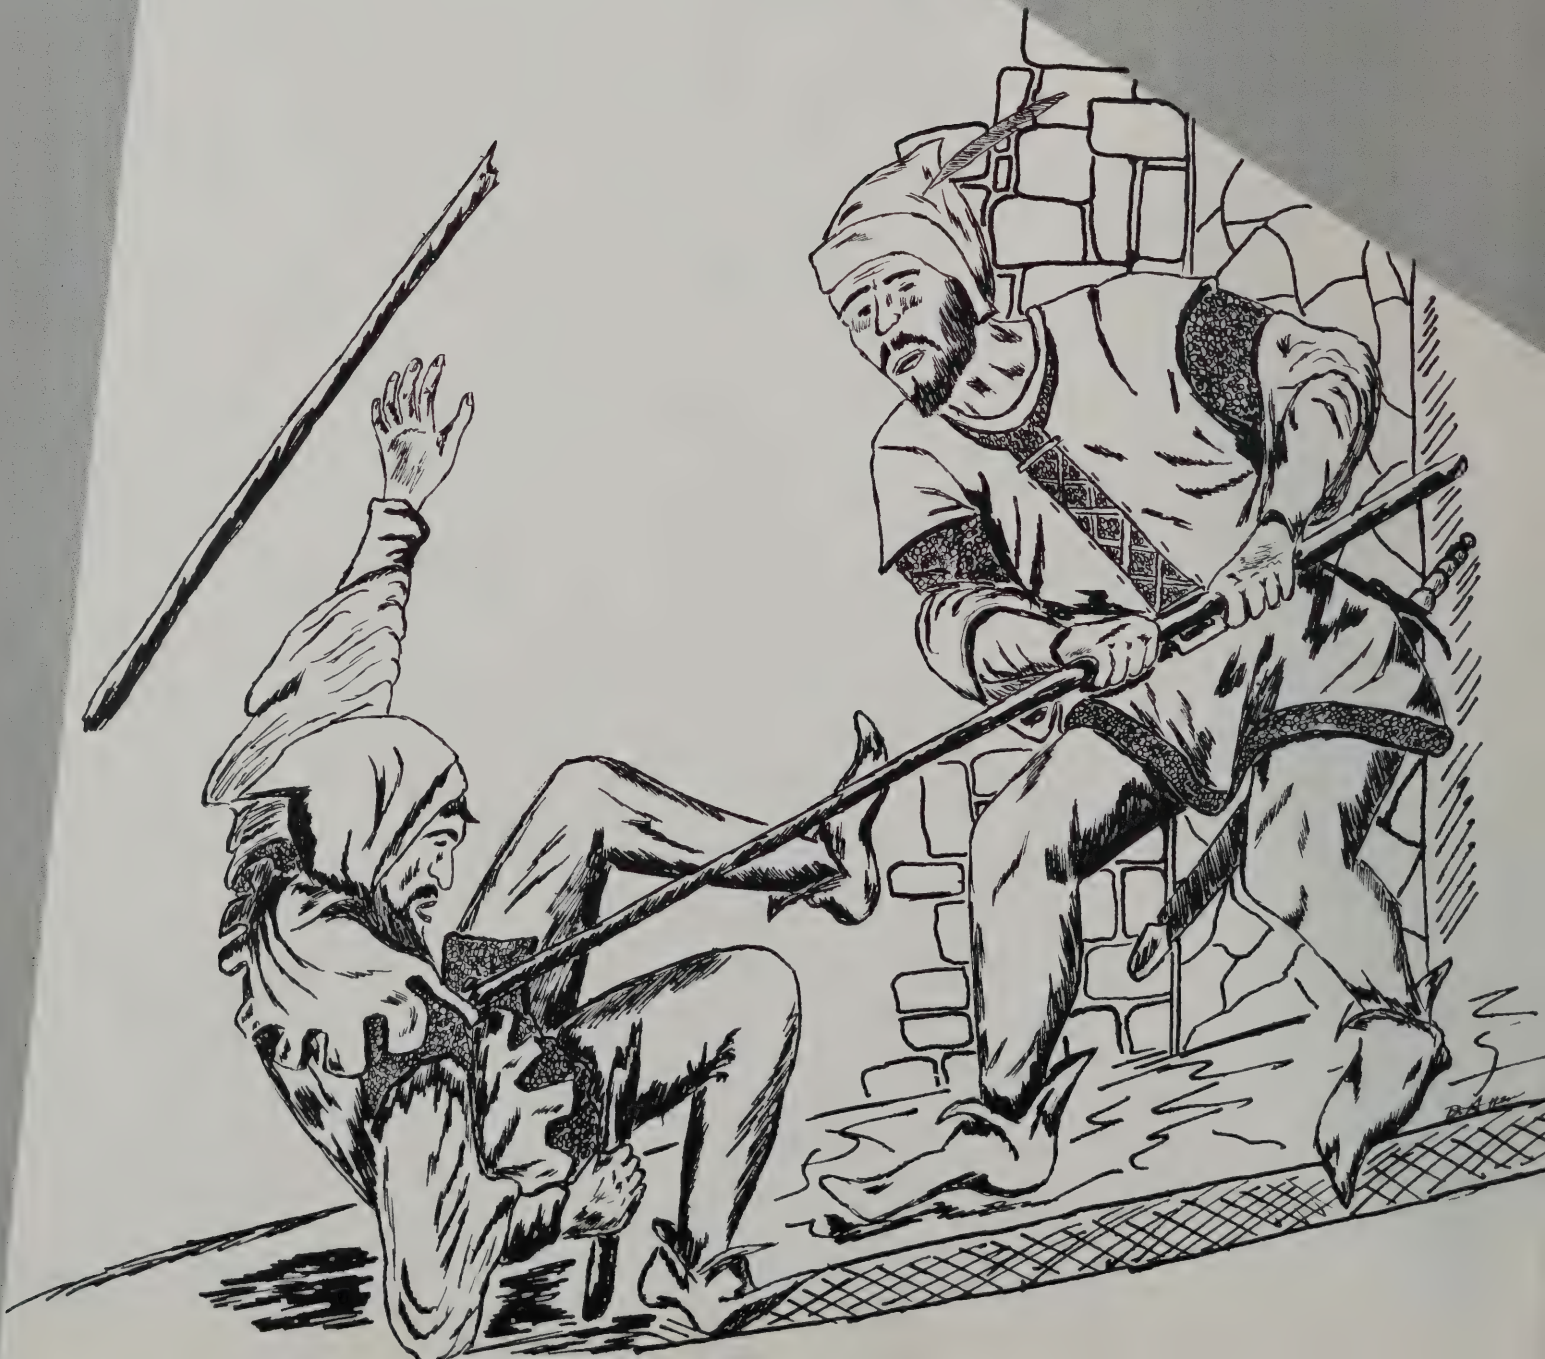

On Saturday morning, dudes and fillies sauntered over to "Paulin Park" to see the Knight's Nine whip Norwich. John Gainor and his St. James Society quintet moved into Austin Hall at 2 P.M., "The Cross" boys put the ole homestead in a Dixieland surry and the place stampeded. This dazzle of activity worked up many a fierce hunger but "Grinder House Gus" took over "Hilda's Chuck Wagon", barbecued 300 chickens and stuffed the whole crew.

After a cocktail party, the Weekender's, 500 strong, decked out in their finest, boarded Buddy Morrow's Night Train for the ball of balls. The Decorating Committee did the impossible and in the Champlain Club turned western, the 59ers permanently engraved "Oklahoma" in Purple and Gold in the middle of the Green Mountains.

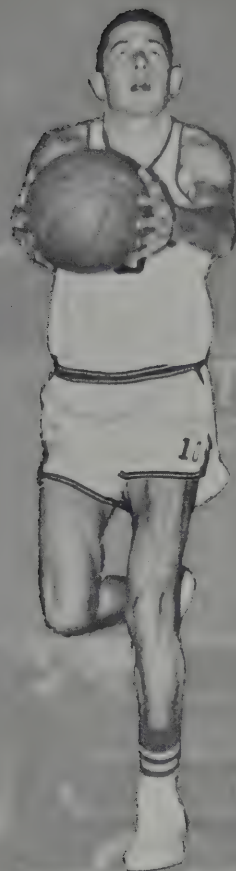

P.S. They said it couldn't be done, but Canavan and Carroll and the class of '59 did it; they made money on the finest Junior Weekend ever.

After a disappointing opening game loss to the Steubenville Barons, the Purple Knights came roaring back to win the North East regional N.C.A.A. Small College championship for the second year running. Paced by the brilliant scoring of co-captain Tony Nicodemo, the Jacobmen compiled a fine 17-7 record.

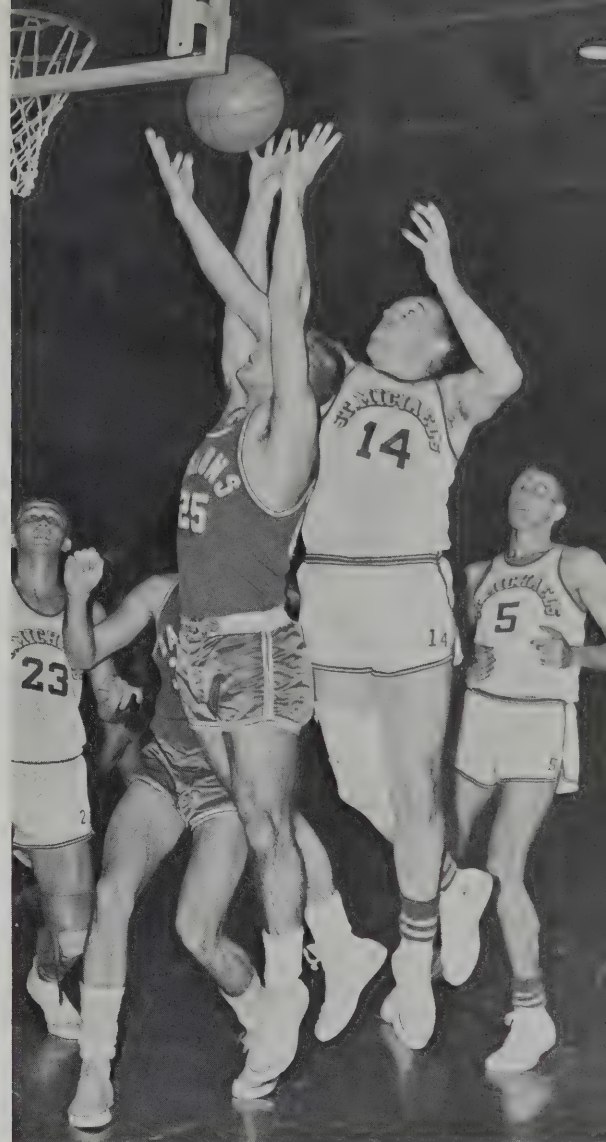

Although the scoring of Nicodemo, the rebounding of Hank Gretkowski, and the floor leadership of Jimmy Browne were big factors in the Knight's success, the sparkling contributions of Dave Mracek and Ralph St. Peter were essential to the victory machine. Neither Dave nor Ralph started initially, but before the season was five games old the spirited play of both won them first string berths. The bench, led by a pair of talented Sophomores, Hank Knoblock and Al Wier, was ready at Doc's every call.

Hosting the N.C.A.A. Regionals, the Knights swept by Buffalo and favored LeMoyne to advance to the National Small College tournament in Evansville, Ind. Playing tourney favorite Evansville in the opening tilt, St. Michael's ran out of gas and was dumped by the Aces 82-63. Playing their final game for the Knights were co-captains Nicodemo and Gretkowski along with St. Peter and Mracek. Although they will be sorely missed, the strong Freshmen team coupled with this year's returning veterans make prospects for next season look promising indeed.

ST. MICHAEL'S COLLEGE

CHRISTMAS INVITATIONAL TOURNAMENT

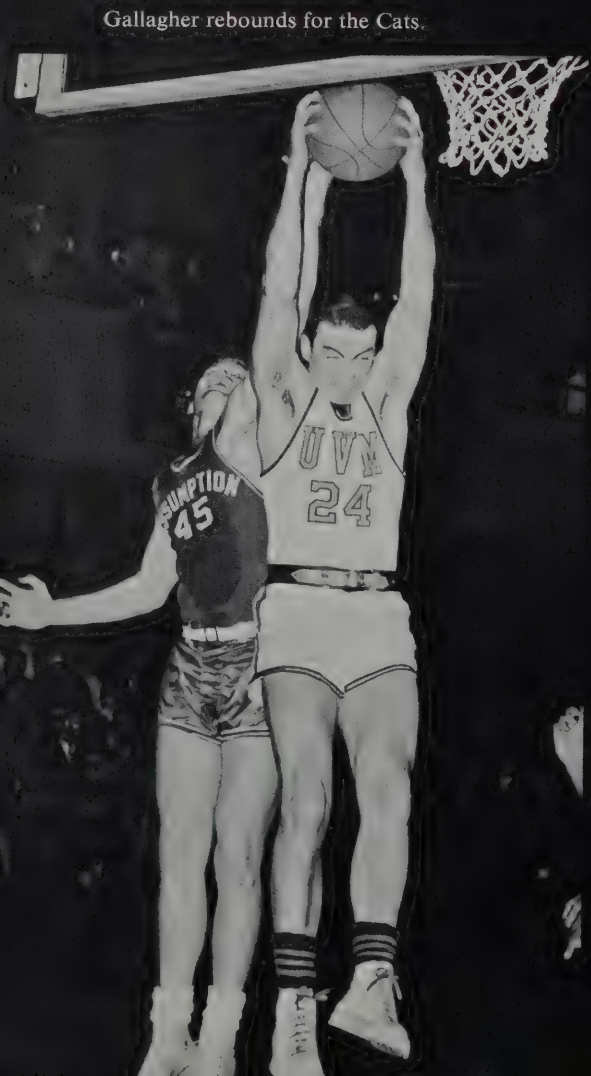

Captain Kuchar, Father Sullivan and the winner's trophy.

On December 18th and 19th St. Michael's hosted its second annual Christmas Invitational Tournament. Participating in this year's affair were LeMoyne College of Syracuse, Assumption College, University of Vermont, and our own St. Michael's.

The first round of the two day tourney found UVM pitted against Assumption while the Purple Knights tangled with LeMoyne. Vermont, showing mid-season form, easily slipped by the Massachusetts club in the lid lifter, while in the nitecap, the Jacobmen were pushed to their limit before overcoming LeMoyne 71-63. Gretkowski and Nicodemo had 26 and 20 points respectively for the Knights. Gretkowski also aided in controlling the boards along with Dave Mracek. This set the stage for an all Vermont final which won't be forgotten for some time to come.

The Catamounts of Vermont who hadn't beaten St. Michael's in four and one-half years came into this one with high hopes. After LeMoyne had topped Assumption for third place in the opener, the championship tilt moved forward in high gear. Paced by Lord, Isles, and Bobby Kuchar, the Cats raced to an eight point 34-26 half-time lead. The Knights came back strong in the second half and fought their way to a three point lead with two minutes remaining. At this point UVM, headed by tourney MVP Charlie Isles, proceeded to outscore the Jacobmen 11-2 and went on to cop the Knight's own tourney. Isles scored nine of these eleven final points in steering his team to the championship.

In the first annual Down East Invitational Tournament held in Bangor, Maine, the Purple Knights, pitted against some of the best teams in New England, easily swept through to the championship.

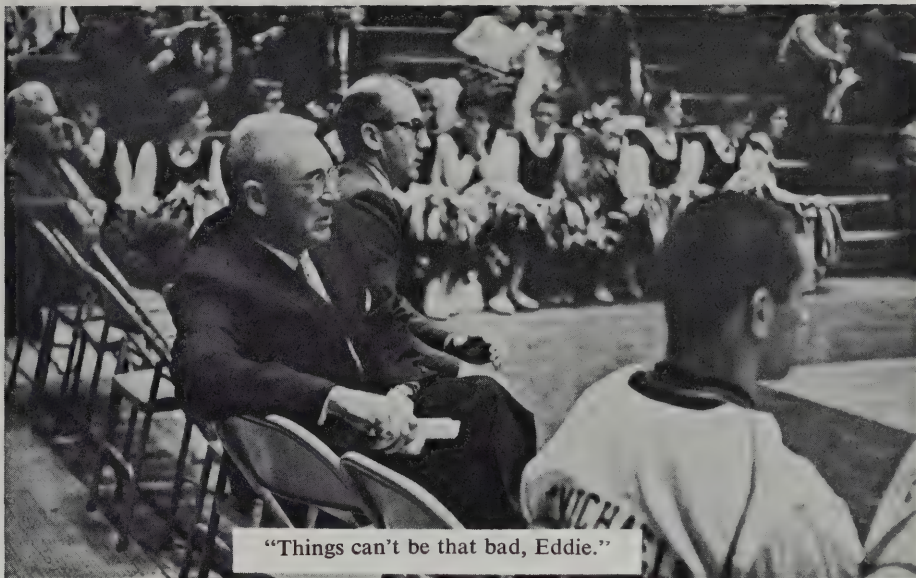

Led by Hank Gretkowski, Tony Nicodemo, and Jimmy Browne, the Jacobmen defeated three Maine teams climaxed by a 58-53 win over Colby in the finals.

In the quarterfinals the Knights had little trouble with Maine as they rolled over the Pine Tree State club 71-49. It was a case of too much power and balance as St. Michael's had three men in double figures. Knoblock, Gretkowski, and Nicodemo, who had 20, 18, and 15 respectively, were aided by the rebounding of Dave Mracek and the fine play-making of Jimmy Browne.

The Knights found themselves pitted against Bates in the semi-final round and immediately started where they had left off against Maine. Paced by the 19 and 18 point scoring of Mracek and Gretkowski, the Vermonter's easily took measure of Bates by a resounding 68-44 score. This set the stage for the finals and the trophy.

Led by Nicodemo and Gretkowski, the Jacobmen raced to a 34-23 halftime lead only to have Colby come roaring back to knot the score midway in the second canto. At this point the Knights pulled away to win by five 58-53. Tony Nicodemo led the scoring parade with 22 markers. Along with being Down East Champs, St. Michael's was further honored by having Jimmy Browne voted the Tourney's most valuable player.

It's all yours, Dave.

And we lead by five.

For the third consecutive year the Purple Knights of St. Michael's were invited to participate in the N.C.A.A. Small College National Tourney. National small college runner ups last year, the Knights were picked to host the Eastern regionals of 1959, with the winner of the regionals representing the East in the national tournament in Evansville, Ind.

Appearing in this year's tourney were the Bulls from Buffalo U., Williams College, LeMoyne College and host St. Michael's. The affair started off with plenty of excitement as tourney favorite LeMoyne easily slipped by Williams in the opener. The second tilt of the night was not so easily decided however, as a "Buzzer" basket by Ralph St. Peter enabled the Jacobmen to top the Bulls in a 53-51 thriller.

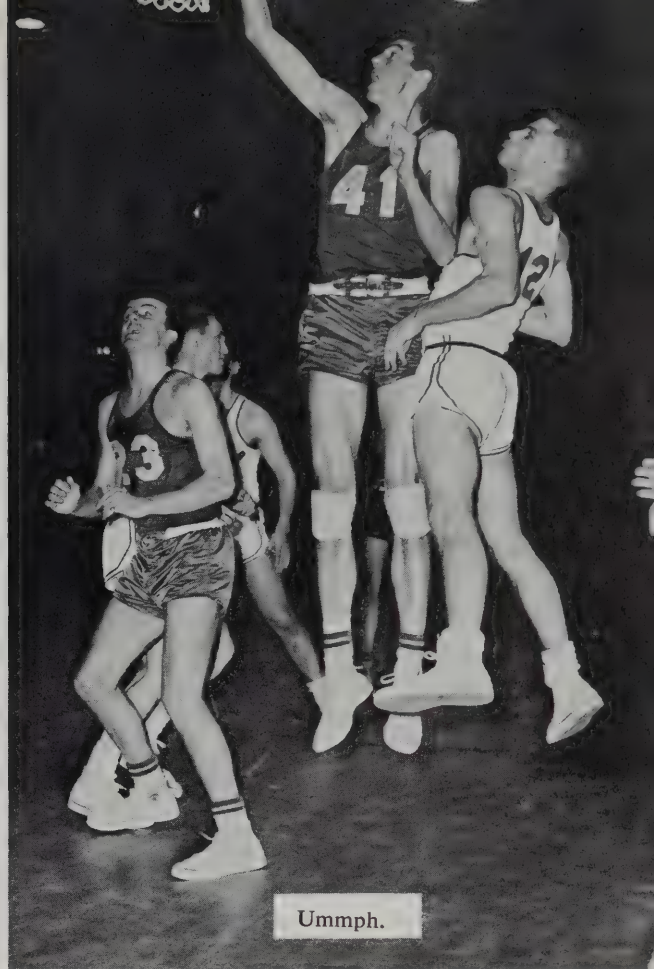

Not this time, Jim.

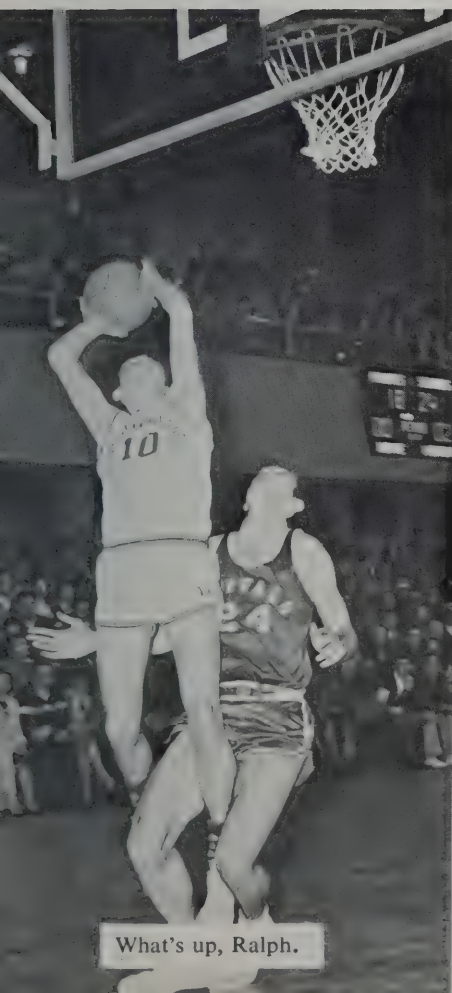

N.C.A.A. REGIONAL FINALS

Although the Knights had beaten the Dolphins twice during the regular season, the Syracuse club still remained tourney favorites going into the finals.

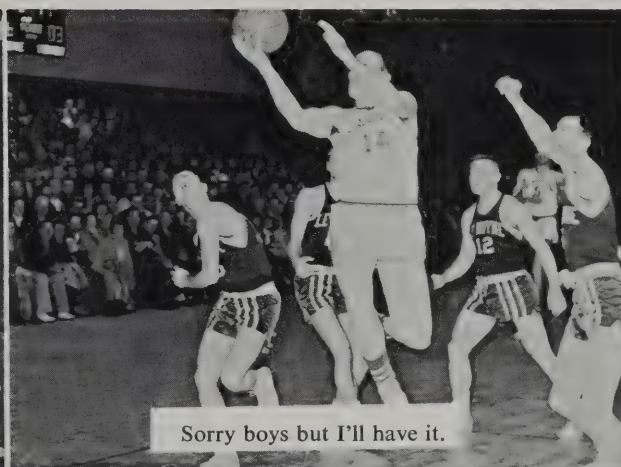

In the second thriller in as many nights, the Vermonters, paced by a brilliant Tony Nicodemo and a recuperated Jimmy Brown, squeaked out a spine chilling 71-70 triumph and St. Michael's, for the second year in a row, was off to Indiana to face the best small colleges in the country.

Ummph.

What's up, Ralph.

Sorry boys but I'll have it.

Anyone for ballet.

I'm going in anyway.

N.C.A.A. FINALS

For the second year in a row the Purple Knights traveled to Evansville, Indiana for the National NCAA Tournament. The Knight, who were finalists in NCAA play last year and who had defeated a strong Evansville team 78-70 in the semi-finals, were the objects of the Aces' revenge this year suffering an 82-63 first game loss.

The Knights opened the game with a fast three points but as soon as the Aces found the range Evansville picked up a quick 8 points. From here on in it was all Evansville. With the score at 19-12 the Aces dropped in 17 consecutive points as St. Michael's could do nothing right, missing shots, throwing bad passes, and committing numerous fouls. It wasn't until mid-way through the first half that the Purple hit another field goal.

At this point the stumbling Knights brought the Auditorium's 12,000 fans to their feet as they came fighting back to score 12 consecutive points. With the half time buzzer the Knights were down 44-33.

tive points. With the half time buzzer the nights were down 44-33.

Second half play again saw the Aces put the pressure on with only short scoring spurts from the Knights. With the Aces leading 74-51 the Jacobmen hit 10 straight points to close the gap but again the opponents rolled up six points to the two for St. Mike's. Thus the final score was 82-63.

A bright spot in this disheartening defeat, for the over 200 Michaelmen who made the 2200 mile round trip to Evansville, was the play of Al Weir. Replacing Mracek in the post, Al threw in eight field goals, and paced the Knights in their scoring spurts. He also lightened the load underneath the boards as Gretkowski fouled out early in the last half.

Capturing the scoring honors was Ralph St. Peter with 17 points. Al Weir and Tony Nicodemo were the only others to hit in double figures with 16 and 13 points respectively.

THE SQUIRES

Row 1: C. Menczywor, B. Mallon, W. Basel, G. O'Neil, J. Van Wagenen. Row 2: Coach Ed Markey, W. Healey, S. Emmerth, J. Morgan, R. Hojnacki, T. Lapine, C. Hart, R. Janton, J. Schlegel. Missing: J. Holmes, T. Belanger.

Coach Ed Markey's Purple Squire basketball team, in their last outing of the year, soundly defeated the Dartmouth frosh for the second time in as many meetings. This win enabled the Squires to end the season with an 11-0 record.

In the last four years St. Michael's freshmen squads have lost only five games. Their record now stands at 38-5. This is a glowing tribute to Coach Markey, a man who works himself as hard as he does his players.

With four starters leaving the varsity team because of graduation, "Doc" Jacobs will look to the freshmen stars for some needed strength next year. Bob Hojnacki, Charley Hart, Steve Emmerth, and Willie Basel will get opportunities to start in the '59-'60 campaigns.

Hojnacki was the team's leading scorer and rebounder. He average 18 points per game.

INTERCLASS

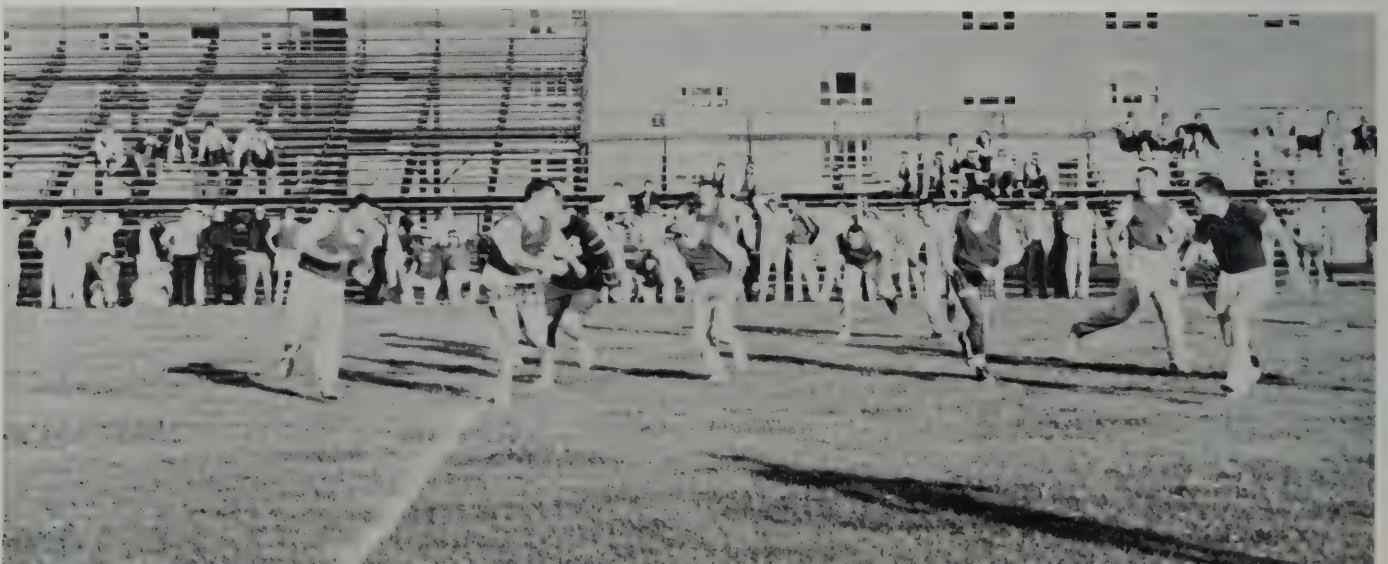

FOOTBALL

A Freshman loss at the hands of the Juniors in the last game of the season gave the hustling Sophomores the league crown for 1958. Led by the fine passing of Harry Kerrigan, the second year men clinched the title with a 4-0-1 record. On the receiving end of Kerrigan's aerials were Walt McGrail, Dick Guilmette, and Jerry Boisseau. Outstanding on the line for the winners were Tiny Clifford and Jim Novak.

The second place Frosh also had a fine quarterback in Willy Basil. The timely throwing first year man completed many a spiral to teammate Joe Morgan.

The Seniors and Juniors, who were hardly in the race from the start, were led by Paul Lennon and Joe Mahoney respectively. Both clubs ended the campaign with 1-3-2 records.

From the first tilt onward, it was apparent the struggle would be between the Carroll-coached Frosh and the second year men led by their passing ace Harry Kerrigan. Both clubs won their first two outings, dumping the Seniors and Juniors respectively. Then the sophisticated Sophs slipped by the first year men 12-6 indicating their power. When the Juniors topped the Frosh in the finale, the Kerrigan Men had wrapped things up.

INTERCLASS BASKETBALL

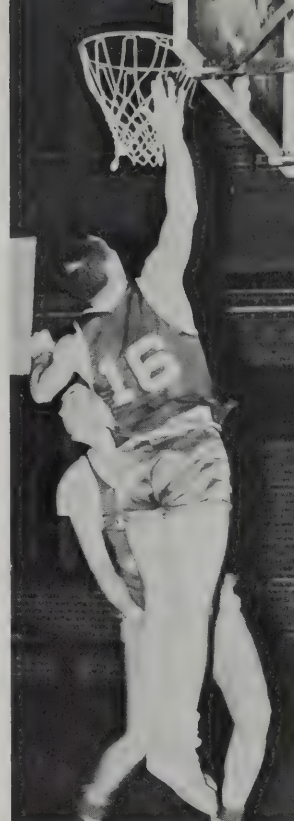

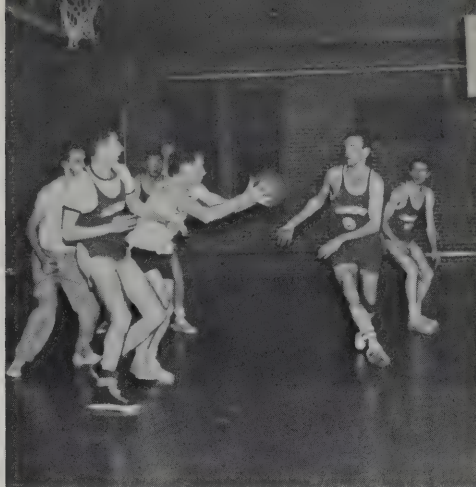

The high flying Juniors easily won the interclass basketball title for 1958-59. However their perfect slate was marred in the last game of the season by the resurgent Seniors in a 61-59 overtime thriller.

The strong rebounding of Pete Griffin and Mike McMahon were two main factors in the Juniors conquest of the title. The offensive playmaking and deadly outside shooting of George Bazinet, who was second only to Neil Shea in the scoring department, often held the team together when things were getting tight. A dependable first five and a strong bench gave the Dudleymen the well deserved league crown.

The Seniors posted a victory over every team in the circuit. The accurate shooting of Neil Shea and Art DeGrandpre as well as the former's fine rebounding enabled the fourth year men to capture the runner-up spot in the race.

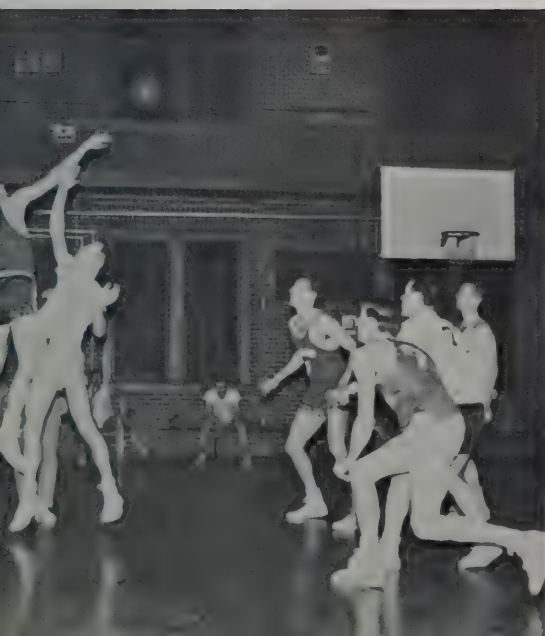

After a fast start the Sophomores, potentially loaded though they were, fizzled below all pre-season expectations. Their only "high" spot of the season was a three point overtime loss to the Juniors.

The 36 man Freshman squad could not overcome their own numbers, and throughout the season were plagued with difficulties. Eager but disorganized, the yearling hoopsters were unable to register a win in twelve starts.

SKIING

The St. Michael's College ski team closed out a fairly successful season with a third place finish at the Colby College Winter Carnival in Waterville, Maine. The Cassavant coached men, although hampered by injuries throughout the campaign, managed to more than hold their own against the larger teams in the area.

The jumping team, composed of Bob Rice, Pete Culhane, and Spike Robinson, turned in stellar performances on several occasions. Rice won the Colby event with a leap of 90 feet. Freshman Johnny Whitcomb, who sailed 86 feet in the same contest, shows much promise for his remaining three years.

The Alpine contingent consisted of veterans Paul Loreau, Joe Vargus and George O'Connor, along with Frosh trailman "Silky" Sullivan. Silky turned in a fine performance at the Norwich meet while O'Connor's best effort was in St. Michael's own Winter Carnival.

Captain Bernie Rooney, who was injured during the latter part of the season, was the team's cross-country ace. Only a Junior, Rooney can be counted upon to lead the slopemen to a banner season next year.

The future looks extremely bright for coach Dom Cassavant. The jumping team has the potential to become the best in St. Michael's history. The Alpine squad will also have a veteran contingent returning and should easily surpass this year's creditable showing.

Left to right: J. Vargus, P. Barber, P. Larue, J. MacDonald, R. Rice, D. Benuli, J. Guhlig, P. Lawless, B. Rooney, G. Puga, F. Steele, P. Culhane, G. O'Connor, C. Robinson, R. Henneberry, J. Whitcomb, R. Sullivan, J. Gillis, D. Cassavant (Coach).

After a rather dismal start early in November in which they lost their first four matches, the rifle team came back with a flourish to cop four out of their final five meets. Under the expert coaching of Sgt. John Lucas, the sharpshooters turned a seemingly poor season into a relatively bright one. The only loss during this streak came at the hands of a powerful Norwich team which went on to win first place in the entire East.

Led by Dean McNulty, Dave O'Mara, and Ed White, the riflemen topped Bowdoin, Dartmouth, and Middlebury. Their sweetest victory of the campaign came against arch-rival Vermont whom they outshot 1369-1344. Fresh from this win the Lucasmen went on to place 14th out of 22 of the best teams in the East.

Next year's loss of Captain McNulty will be sorely felt although the returning list of Frosh and Sophomores is impressive. Coach Lucas will have a fine group of veterans to work with next season.

Sgt. Moore, Col. Bondurant with awards for outstanding ROTC Rifleman.

Kneeling left to right: D. McNulty (Capt.), D. O'Mara, E. White, P. Leahy, W. Ancil. Standing: P. Derenzo, R. Dickenson, F. Fluet, L. Tarnowski, E. Gervais, M/Sgt. J. Lucas (Coach).

FROM THE BUSINESS STAFF

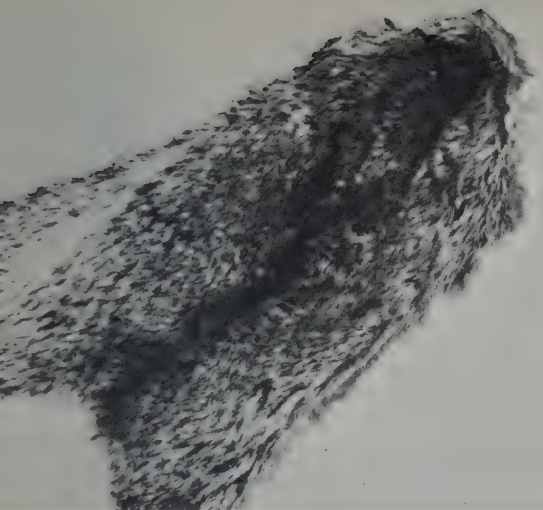

We wish to express our appreciation to all the business firms which are represented on the following pages of this annual. Their interest in St. Michael's and the Class of 1959 has enabled us to publish this, the 12th edition of the SHIELD.

In behalf of Editor Francis Makula and my associate editors on the Shield staff, I would like to express my sincerest thanks to Fr. James R. Coombs, Dean of Men. Fr. Coombs put his office at the disposal of the SHIELD, especially the Business Staff. Without his assistance and astute advice in the monetarial matters faced by this staff, the problems of the staff would have been greatly magnified.

Sincerest thanks,

Thomas M. Brown

Thomas M. Brown,

JOHN TROTIERIS' COAT (AND THE SLIGHT DISCOMFORT ITS DESTRUCTION CAUSED OUR FRIENDS ACROSS THE RIVER)—THE THRILL OF PROGRESS WHEN THE KEY TO ALUMNI HALL WAS FIRST USED—THE FAINTLY REMEMBERED ALUMNI ACTIVITIES OF HOMECOMING, COMMENCEMENT WEEKEND, CHRISTMAS DANCES—THESE AND OTHER MEMORIES COLOR YOUR IDEA OF THE ALUMNI ASSOCIATION.

YOU NOW KNOW THAT THE ALUMNI ASSOCIATION REPRESENTS MORE THAN THE WELCOME ENTHUSIASM OF GRADUATES AT SPORTS EVENTS; EVEN MORE THAN THE INSPIRING PROGRESS MADE POSSIBLE BY ALUMNI GENEROSITY; EVEN MORE THAN FRIENDLY PLEASURE OF MAKING AND RENEWING FRIENDSHIPS AT ALUMNI ACTIVITIES.

IT IS THE BASIC PREMISE OF THE ALUMNI THAT THE ORGANIZATION STANDS TO PERPETUATE IN YOUR LIFE THE PRINCIPLES OF ST. MICHAEL'S SO WELL EXPRESSED BY HONORARY ALUMNUS, CARDINAL RICHARD J. CUSHING OF BOSTON:

St. Michael's College typifies a long established American tradition in higher education. It is a private college, free from the political and other controls which wise American educators have always sought to avoid. It is a Catholic college, imbued with the spirit of religion, inculcating moral values, as the original and best American tradition invariably expected a college to do. It is a frankly small college, seeking to place the service and perfection of the individual person above mere institutional development. It breeds a wholesomely progressive spirit, aspiring to bring old and tested principles to the solution of new problems, and new and effective methods to the presentation of old, unchanging truths.

Situated here in Vermont it intimately shares the thoroughly American mentality of this sturdy New England State. Yet, almost on the borders of the great Canadian nation, it fosters that saving cosmopolitanism which should always be characteristic of a truly Catholic educational institution.

WITH YOU AS AN ALUMNUS, THE ASSOCIATION WILL CONTINUE TO FOSTER FRATERNITY MORE REAL THAN FOUND IN GREEK LETTERS; THAT DEVOTION TO TRUE EDUCATIONAL PRINCIPLES WHICH IS EXPRESSED BY A CONTINUING INTEREST IN YOUR COLLEGE.

"AVE, VALE ATQUE FRATRES" (HAIL BRETHREN AND FAIRWELL)—WE WELCOME YOU—THE CLASS OF 1959.
